

BUILD A BOLD FUTURE

AN INTRODUCTION
TO OUR COMPANY

OUR STORY

WHO WE ARE

For more than 10 years, **we've been a dedicated partner to organizations**, helping them transform and manage their businesses.

A diverse collective of strategic and technological experts across different countries, we are all driven by one shared passion: to deliver on the promise of technology for an inclusive and sustainable future.

As we leverage cloud, data, AI, connectivity software, digital engineering, and platforms to address the entire breadth of business needs, this passion drives a powerful commitment. To unlock the true value of technology for your business and a society for more inclusive, sustainable future.

WE ARE DRIVEN BY OUR PURPOSE

Together, we deliver on the promise of technology for an inclusive and sustainable future.

GUIDED BY OUR VALUES...

"Our values are at the heart of the company and have become its hallmark: an entrepreneurial spirit above all else, respect for all cultures, and love for our clients."

Samuel Kamau-Director

Bringing companies and customers together —using the Customer 360 platform to inspire change in the world

Driving digital transformation and enabling rapid innovation while protecting mission-critical applications that power business operations

Accelerating business excellence through integrated digital experiences

A man with dark hair and a beard, wearing a light blue button-down shirt, is looking thoughtfully to the right while holding a tablet. He is standing in a bright, modern office with large windows and other people in the background.

WE HELP OUR PEOPLE BUILD A BOLD FUTURE THEY WANT

A modern office interior with desks, computers, and a person working. The office has a clean, minimalist aesthetic with white walls and wooden accents.

Sakks Tech is a diverse global collective of free-thinkers, entrepreneurs, and industry experts who push one another to go further. Together, we're driven by a shared passion: finding new ways technology can help us reimagine what's possible.

...AND TAKE ON TODAY'S BIGGEST CHALLENGES

With our world-class development programs and collaborative culture, our people develop the knowledge and experience required to give technology the human touch the world needs.

DISCOVER AND CONNECT

Opportunities to stay up to date with the latest trends while connecting with colleagues and expanding networks

LEARN AND PRACTICE

From think tanks to hackathons, immersive learning takes our people out of the classroom to solve real business challenges

CONTRIBUTE AND COLLABORATE

Everyone has the opportunity to collaborate and contribute to team and business growth

EXPERIMENT AND INNOVATE

Innovative and intuitive tools and world-class facilities flip the traditional classroom model

Our digital learning platform Next leverages world-class digital libraries, including Coursera, Harvard, and Pluralsight to provide all our employees with the best opportunities to continuously grow their hard and soft skills through individualized development paths.

An aerial photograph of a large solar farm. The solar panels are arranged in neat, parallel rows across a green field. In the background, there are more green fields, a road, and some trees. The sky is not visible, as the image is focused on the ground.

WE HELP CREATE
A **BOLD FUTURE**
WE ALL WANT
FOR **OUR**
SOCIETY AND
PLANET

WE'RE FOCUSED ON BUILDING A MORE SUSTAINABLE AND MORE INCLUSIVE FUTURE FOR ALL..

Environmental sustainability

By driving net zero thinking into our operations and the work we do with clients, we're ensuring a sustainable future for our planet.

Digital inclusion

By using the skills and passions of our people, we're bridging the digital divide for a future where technology is an opportunity for everyone.

Diversity and inclusion

By creating a vibrant and inclusive culture where talent representing society in all its richness and diversity are empowered to build meaningful careers, we're building a future where all talent can thrive.

About Sakks Tech

Sakks Tech is a leading professional services company, transforming clients' business, operating and technology models for the digital era. Our unique industry-based, consultative approach helps clients envision, build and run more innovative and efficient businesses. Headquartered in the U.S & Kenya. In today's fast-changing technology landscape, we work with our clients to advance every aspect of how they serve their customers: digitizing their products, services and customer experiences; automating their business processes; and modernizing their technology infrastructures..
